

P.H.D FUNDamentals: Money Handling Policy during COVID-19

To continue to keep our community safe, we are following the same guidance as a small business. Most people can make contactless payments however, we do not have this facility and ask that everyone pays by standing order.

However, should this not be an option for your family, we ask that the correct money should be brought in a plastic bag. We will ask you to put this in a box for us which will be quarantined for 3 days.

At this time we will not be able to provide change.
